Dear Boat, Kayak, Paddle Boat, and Canoe Owners:

The Queens Lake Community Association requires all vessels used on Queens Lake or Princess Pond to be registered with the Association. Even if your vessel is not stored at one of the access landings, it must have a decal and registration number if used on the lake or pond.

Please answer the questions below to update your vessel registration. Be sure your decal numbers are displayed on both sides of your craft and the 3 inch black numbers are placed on both sides, and make sure the vessel is in "floating" shape.

If you have no registration number, please fill out this form and return to the Association office and decals will be issued to you.
