June/July 2015

## President's Message

Queens Lake is getting busy this summer.

Many hard working volunteers have been making facility improvements.

The tennis courts are prepping for a big facelift. Get ready to dust off those tennis rackets for some summer play.

Have you noticed all the sprucing up the beautification committee has been doing? The sign beds have been manicured and the trees have been pruned. It is the daily effort of volunteer, Judy McCormack that takes on all the tasks with the help of the beautification committee.

The marina is slowly but steadily filling vacant slips. We look forward to seeing a full and busy summer season at the marina.

The clubhouse and membership committees have been enjoying planning fun for neighbors old and new this summer. Keep a look out for events in the neighborhood and invite your new friends to join the fun. Remember Queens Lake Day is June 27<sup>th</sup>. More information will follow.

The communications committee led by Leah Duckworth and major support from facility directors, has the new improved queenslake.net up and running. Please take some time to become familiar with the updated site.

The pool committee is reaping the benefits of new board member Bob Gaschen. Along with the pool committee the adult pool has had a facelift. Major repairs were completed prior to the season opening. After you enjoy the tennis courts, stop by the pool to cool off. Information to join is on the new and improved website.

Ashley Hargrove has been keeping on top of everything community affairs. As information becomes available it will be given to the community. We hope that all members attend meetings and voice concerns to officials.

The finance committee is busy as always making sure we stay in line with our financial obligations.

Last but not least is the lake. Lynn Maltinsky and the lake committee have been working diligently to create a plan for the lake. They are consulting experts from around the state. Updates will be out to the membership as soon as it becomes available.

## **WHITE SEWER PIPES**

**Please consider spray painting your white sewer pipe green or brown, so it is not as noticeable.**

**THANK YOU**

## **Lake**

Submitted by Lynn Maltinsky: Director

The lake committee has been working hard on the obvious problem of the proliferation of weeds in Queen Lake. We have done extensive research about Curly-leaf Pond Weed and have interviewed Ph.D.'s, lake managers from around the country, and several herbicide company representatives. From this we have learned that:

> There is no silver bullet: effective treatment is a multiyear process.

> Curly-leaf pond weed is an invasive species and can reproduce in four different ways: rhizomes, seeds, cuttings, and turions.

> Although the seasonal growth was treated and killed last spring new growth has emerged from turions embedded in the lake bottom.

> Turions can lie dormant in the lake bottom for as many as five years thus requiring a multiyear treatment program.

> From the sources we contacted the most successful treatment was a targeted application of a contact herbicide and as weed populations decline each year less herbicide will be required and treatment areas will get smaller.

> If we do nothing the curly-leaf pond weed will continue to multiply and completely choke out the lake and when the weed dies off in June we will be at high risk of alge blooms and possible fish kills.

> Curly-leaf pond weed will never be eliminated totally from the lake but it will have to be monitored and treated as needed after it is under control.

> For more information check the Queens Lake web-page for a Q & A sheet on Curly-leaf Pond Weed.

Queens Lake Day Fishing Tournament - We are planning a pairs or teams fishing tourney for QL Day. Additional information will be available soon on the QL website and through email.

## **Boat Registration and Stickers**

**The Lake Committee will be doing a final boat check by June 14th. Any boats left in community access areas without current registration and stickers will be tagged and be subject to sale.**

## QL Boats Must Be Registered

We will be looking at boats in the access areas, checking on their registration and making sure they are up to date. If they are not, they will be culled and auctioned off. Boats parked in the access areas must have a yearly decal on them.

Please regularly maintain your boat in these common areas. If you have not registered your boats and affixed a current QL sticker, please do so with the office. There is a \$15.00 fee per household to use any amount of boats or kayaks on the lake, or to leave them at one of the accesses. Thank you.

## **POOL**

Submitted by Bob Gaschen: Director

**Pool Opening/Clean Up:** May 9<sup>th</sup> was Pool Clean Up Day. Thank you to all the volunteers who helped to remove and store the pool cover, clean and place table and chairs, clean bathrooms, install rails and ladders, prune plants in the pool area and all other tasks necessary for opening the pool.

**Pool Repairs:** The majority of the pool repairs were completed before the last week in April. The adult pool was refilled once the drain and skimmer work was completed. The remaining perimeter caulking will be complete this week and both pool pumps will be started.

**Website:** The pool and swim team web pages and forms were transferred to the new site and updated. All sections have been updated except for swim team volunteers.

**Committee Meeting:** The pool/swim team committee met May 3<sup>rd</sup>. Topics included status of pool repairs, lifeguard and pool operator hiring and swim lessons. The pool party reservation form and pool rules were revised.

## Queens Creek Monofilament Fishing Line Recycling Bin

The U.S. Coast Guard Auxiliary Flotilla 67 in Williamsburg was awarded a grant from Virginia Sea Grant to support the fabrication and installation of monofilament fishing line recycling stations in a variety of locations in the tidewater region of Virginia. Since the Queens Creek residential area and waterfront is in our area of responsibility [AOR], we wanted to include the Queens Lake Marina among our sites for a station. This location has been reported to Virginia Marine Resources Commission and the Virginia Department of Game and Inland Fisheries and is added to the database and maps showing indicating where recycling stations are currently located in Virginia.

Recycling monofilament fishing line helps to protect fish and wildlife and prevents entanglement related to boating and diving. Boat motors and intakes will be damaged if entangled in monofilament fishing line and netting. In a recent article in BOAT US magazine titled "All Wrapped Up", the inherent dangers and costs involved from the entanglement of monofilament fishing lines in outboard motors and outdrives is discussed. Damage to driveshafts, gears, and seals can run as high as \$2,500. This accident is preventable where monofilament fishing lines are disposed properly in bins rather than discarding them overboard.

We appreciate the cooperation of Queens Lake Marina staff and patrons in having a recycling bin located there. We will maintain the site and ask that you respect our efforts by not putting anything but fishing line in the monofilament fishing line containers. If you leave hooks on the line, it presents a problem for our volunteers when clearing them of line. Rusty hooks in the fingers are not fun.

Submitted by Jeff Anderson: Director

I have been in contact with Richard Revell and requested that all improvements be completed to the tennis court prior to Queen's Lake Day, June 27th. He advised that he believes he can have it completed prior to Queen's Lake Day provided the weather cooperates.

## MARINA

Submitted by Paul Gerdes: Director

We have 5 more slips rented at the marina. During our last marina meeting we decided to look into moving kayak launching to the boat ramp area. Our plan would be to make a floating dock. While we are in the initial planning stages it would be a multi-use dock. It should be easier to get on and off kayaks as well as everything else with a floating dock.

**Committee Members:** Doug Olson-Chairman, Pat Reinecke-Dockmaster, & Danny Sumerlin -Rampmaster

## Beautification/Maintenance/Playground

Submitted by Bob Yeomans: Director

Micah was hired to prune the cedar trees surrounding the field and the county removed the piles of limbs. James Pest Control was called to spray the ground bees around the flagpole and also up the hillside. Since they continue to return each year, we should consider a permanent solution. After a little research we found that tilling the soil then seeding, preferably in the fall, could destroy the nesting areas.

Weeds were sprayed around the clubhouse area and beds were pruned and cleaned. Mulching will be done this month. We should consider a remedy for the muddy area between the back and front parking lots at the pool. Perhaps paving is the solution.

2. The URL is the same as the old site (<http://queenslake.net>). The new site is being hosted by WordPress.com for which there is no charge (free). We do pay WordPress.com \$13.00 / per annum to link to the URL. The committee bought the URL from Network Solutions for \$13.00.
3. Most of the pages on the new site have been updated and new forms are added daily.
4. The only major task remaining is to create the realty page on which we will be working shortly.
5. Kate Roessler will be holding a tutorial for board members who wish to update their own pages.

**Thank you Kate Roessler for all your hard work on the new website.**

**NEWSLETTER:** Cherrie completed the April/ May newsletter and Jean and Phil Lien labeled the newsletter and delivered it to the post office. Libbey Oliver will start Yard of the Month in the June/July issue. So far this year we are taking in more than enough funds from ads to pay for our newsletter.

## Membership

Submitted by Lisa Legaspi: Director

Membership benefits us all by preserving property values and keeping our neighborhood one of the best in Williamsburg. Our dues keep the grounds and facilities in good shape, so we all can enjoy the beauty around us. Having these amenities increases the value of all the properties in the neighborhood. That is why the sales of Queens Lake homes this year has been strong.

Thank you for your membership and support of Queens Lake.

### Swim Season 2015 is here!

Thanks to everyone who helped get the pool ready this spring, during the landscaping and pool clean up days!!!!

## OPEN HOUSE MEMORIAL DAY WEEKEND FREE MAY 23rd-25th

If you have never joined, come on down to check out the pool facility over Memorial Day Weekend for free. Grab your neighbor, bring your friends from around town and get them to try the pool for the weekend! Come on and take the Plunge! You can't beat the great atmosphere, great friends, great view, and great times at QL Pools!!

John Poorman, returns as our Pool Operator for this summer. John brings many years of experience in pool operations, lifeguard management, and swimming instruction.

### 2015 Highlights

- Scheduled repairs to the adult and family pools have been completed.
- Pool and Swim Team web pages have been updated
- Bob Gaschen has joined us as Pool Board representative

### **RECRUIT A NEW MEMBER:**

Recruit a new pool member for 2015 and the pool committee will give you \$50 off of your joining fee!

## Queens Lake 2015 Eagles Swim Team
